Are you great with kids? Want to make a life-changing difference?

The Faison School for Autism's In-Home Instructor's Academy needs THERAPISTS TO TRAIN!

NO EXPERIENCE NECESSARY!

The Faison School has classes starting very soon at the all new In-Home Instructors Academy! The academy provides five months of behavior analysis training and hands-on experience using research-based methodologies for children with autism.

A grant is offered to fully subsidize training when partnered with a sponsoring family. And we will assist you in finding a sponsor! You will also be paid $12-$15/hour at least 7 hours per week working in-home with the family.

Applications along with a $200 fee are now being accepted. Candidates must be 18 years or older. Upon successful completion of the Academy, you will be awarded of certificate of completion.

For more information and the application please contact Dr. Kathy Matthews at 804-612-1953.
